

**PLYMOUTH COMMUNITY HOMES  
PETS POLICY**

<b>Version:</b>	Draft v2 –
<b>Lead Directorate:</b>	Homes and Neighbourhoods
<b>EIA completed:</b>	
<b>Approved by:</b>	

## 1. Introduction – Scope and Purpose

This policy sets out our approach to keeping pets in the home. The policy recognises both the positive effect pet ownership can have on the general health and well-being of individuals, but also the challenges pets can present if not managed appropriately.

This policy applies to all residents who live in properties owned or managed by Plymouth Community Homes (PCH).

The aim of the policy is to:

- encourage responsible pet ownership amongst tenants, leaseholders and shared owners.
- minimise any issues or complaints relating to animals within PCH owned and managed properties.

This policy is in addition to the terms and conditions within the tenancy agreement and is aligned with the PCH's Anti-Social Behaviour Code of Practice, our Pet Ownership Guidance. This policy should be applied in conjunction with these documents.

## 2. Policy Statement

PCH acknowledges that the majority of pet owners are responsible and will take an approach to pet ownership that recognises this. PCH expects any pet owner to take care of their pet/s, their home and the local community.

Where it is evidenced that residents are not taking reasonable care of their pet and/or allowing their pet to cause a nuisance or damage property, we will consider withdrawing consent for the pet and take tenancy action if the pet is not removed/re-housed.

## 3. Policy Details

Plymouth Community Homes will not unreasonably withhold consent when our residents make a request for pet ownership, although some head leases do not allow pets under any circumstances. Residents will be required to apply for retrospective consent where we become aware of a pet in the household.

The welfare of the pet is of the utmost importance however we also need to manage the impact that irresponsible pet ownership has on neighbours and the property. We will provide guidance and support on what we consider to be reasonable regarding responsible pet ownership.

Supported Housing applications and assisted pet applications or emotional support pets will be covered by the guidance which are linked to this Policy.

PCH will provide a comprehensive guidance to accompany this policy which sets many of the pets that we would allow to live in your home.

PCH will not grant consent for any of the following animals to reside in residents' homes:

- Any breed of dog banned under the 1991 Dangerous Dogs Act
- An animal that would require a licence under the Dangerous Wild Animals Act 1976
- Birds of prey
- Cattle, Horses, and Livestock

PCH will not grant consent to any resident where there is evidence of:

- Historic or current animal neglect or cruelty
- Historic or current nuisance, annoyance, or disturbance because of pet ownership
- The resident being subject to a time limited, or lifetime ban on keeping an animal further to prosecution by the RSPCA.

PCH will not consent to: -

- Animals to be kept or tethered in communal areas.
- Animals to be brought into communal lounges unless consent has been given by all residents on the scheme or the block.
- The breeding of animals in properties that it owns or manages.

All consent is conditional to following the guidance.

#### **4. Service Standards**

When residents approach PCH about pet ownership we will acknowledge that request within 7 days and follow this up with our Guidance and a request to complete a responsible Pet Owners Agreement.
